

## HORNBEAK PRESERVE

Some residents in the Peak at Promontory Pointe live adjacent to a greenbelt which is private property and managed by Green Spaces Alliance. HOA property owners cannot clear any vegetation on that property. You may cut any vegetation crossing your property line. These affected properties are only along Midway Crest, Cliff Park Lane, and Lorimar Court.

Some residents, along Cliff Park Lane and Lorimar Court adjacent to the HOA “triangle” undeveloped area, should contact the HOA for fence line vegetation issues.

If a HOA property owner seeks a variance in the Hornbeak Preserve, the property owner should contact Green Spaces Alliance at 210-222-8430, [philip@greensatx.org](mailto:philip@greensatx.org), <http://www.greensatx.org>
