

## Homeowner Exterior Paint Standards

For additional clarification, the Standards (Section Two, number 1, letters a, b, and e of the Standards of DCCR Compliance/Improvements in the Promontory Pointe Promulgated Standards) regarding exterior paint have been restated to include definitions of paint color and finish guidelines. Examples of paint colors that fall within these definitions have also been included. These colors serve only to provide guidance. They do not guarantee approval nor are they the only colors that may be approved. Final approval depends on overall aesthetic chosen color(s) provide to the home and surrounding homes.
